

2007 600cc Down tube Micro-Sprint
Left Side Mounted Engine
w/Safety Cage & Panels
4-Torsion Bar Suspension

-Basic Update Kit-

- *Downtube Frame w/Left Side Safety Cage
- *2 Piece Fiberglass Hood w/Cage Panels (pre-fit)
- *Complete Set of Aluminum Body Panels (pre-fit)
- *Dzus Springs & Buttons
- *W-Link Assembly
- *8 Torsion Bar Bushings
- *4 Torsion Stops
- *Complete Set of Torsion Arms
- *Complete Set of Stainless Bumpers & 4-Point Nerfs
- *Plated Front Axle
- *Set of 2007 Style Rear Birdcages
- *2007 Style Frame Mounted Cross-Flow Radiator w/Cap
- *Carbon Fiber Air Dam for Radiator

-\$4,665.00-

-Deluxe Kit-

- *Downtube Frame w/Left Side Safety Cage
- *2 Piece Fiberglass Hood w/Cage Panels (pre-fit)
- *Complete Set of Aluminum Body Panels (pre-fit)
- *Dzus Springs & Buttons
- *W-Link Assembly
- *8 Torsion Bar Bushings
- *4 Torsion Stops
- *(2) 14-1/2"x7/8" Solid Torsion Bars
- *(2) 26"x7/8" Solid Torsion Bars
- *Complete Set of Torsion Arms w/4130 Ends
- *Complete Set of Stainless Bumpers & 4-Point Nerfs
- *Complete Front Axle Assembly
- *Complete Rear Axle Assembly
- *Rack & Pinion Steering Assembly
- *Swedged Radius Rods w/FK JM Series Rod Ends
- *Brake & Throttle Pedals w/Hardware
- *MCP Billet Master Cylinder
- *Wilwood Dynalite Single Brake Caliper
- *15" PMP Steering Wheel 1-1/8" Outside Diameter
- *2007 Style Frame Mounted Cross-Flow Radiator w/Cap
- *Carbon Fiber Air Dam for Radiator
- *Wet Fuel Tank w/Mounting Kit

-\$7,295.00-

-\$7,595.00- Assembled

New for 2007 Redesigned Hood

One of the most innovative products in along time in the Micro Sprint industry. Our new 2-piece deep-dish hood has the "Sprint Car Look" but it has necessary functions for a 600cc Micro Sprint. The deep-dish design gives more effective downforce without the use of a nose wing. With a nose wing it cleans up the lower pressure area underneath the wing for ultimate downforce. The new hood can be removed in a snap and compliments airflow to our new frame-mounted cross flow radiator.

Cross Flow Radiator

New frame-mounted radiator eliminates need for the reservoir tank and is very easy to plumb. It also reduces water temperature 10-15 degrees and eliminates the pain of an aluminum airbox.

Carbon Fiber Airdam

Lightweight and strong, this trick piece directs the air of our new cross flow radiator and seals off the cockpit, keeping dirt and rocks out off of the driver.

Longer Wheel Base

We lengthened the wheel base on our split tube designed car allowing more stability and created a longer effective torsion arm length on the front for a locked down feel on corner entry.

Over 350 Wins in 2006

Redesigned Birdcages

The hottest birdcage design in the Micro Sprint industry just got better. Our revolutionary one-piece billet design is unequalled in strength and performance. We have changed our torsion tube geometry to allow us to design a tighter ratio pickup for the ultimate forward bite available.

New Steering Wheel

We have upgraded to a 1-1/8" outside diameter wheel to give the extra grip to drive by the competition.

Left Side Mounted Engine
w/Safety Cage & Panels
4-Torsion Bar Suspension**

-Rolling Chassis Kit-

- *Deluxe Kit
- *4 ARS Aluminum Body Non-Adjustable Shocks
- *Ultra Shield Standard Sprint Seat w/Pads
- *Crow 5 Point Seat Belts
- *2 Weld Direct Mount Front Hubs
- *2 Weld Direct Mount Front Wheels
- *2 Weld Magnum Splined Wheels (1) w/Beadlock & Cover
- *Stationary Wing Slider
- *4 Hoosier or American Racer Tires

-\$9,395.00-

-Deluxe Rolling Chassis Kit-

- *Rolling Chassis Kit
- *Top & Nose Wing
- *Steel Braided Brake Line Kit
- *Ultra Shield Head Rest
- *Water Temperature Gauge
- *Throttle Cable
- *Gel Cell Battery
- *R6 Motorplate Kit w/Chain Tensioner

-\$10,300.00-

- *Add ARS Eye Adjustable Shocks \$595.00
- *Lightweight Package Saves 5lbs \$550.00
 - Titanium Brake Rotor
 - Titanium King Pins
 - Aluminum Rod Ends
- *Ultra Lightweight Package Saves 25lbs \$2100.00
 - Lightweight Package
 - Titanium Bolt Kit
 - Carbon Fiber Body Kit

-Upgrades & Options for Roller-

- | | |
|---|----------|
| * Assembly on Roller | \$600.00 |
| * Sandblast & Powdercoat Frame (Single Stage) | \$225.00 |
| * 26" Front Torsion Bar Car | \$N/C |
| * Deluxe 14 sq. ft. Top Wing w/48" Panels & Posts | \$365.00 |
| * Deluxe 12 sq. ft. Top Wing w/52" Panels & Posts | \$390.00 |
| * Outlaw Nose Wing w/Mounting Kit | \$100.00 |
| * Cable Wing Slider Assembly | \$90.00 |
| * Electric Wing Slider Assembly | \$Call |
| * Kirkey Standard Sprint Seat w/Pads | \$26.00 |
| * Ultra Shield Head Rest w/Pads | \$30.00 |
| * Kirkey Head Rest w/Pads | \$40.00 |
| * Add Sternum Belt to Crow 5 Point Belts | \$25.00 |
| * Hollow Rear Torsion Bars | \$20/ea |
| * Fuel Tank Bladder | \$850.00 |
| * Aircraft Flush Cap Assembly | \$90.00 |
| * Steel Braided Brake Line w/Aluminum Fittings | \$25.00 |
| * Upgrade to Additional Beadlocks | \$90/ea |
| * Upgrade to Additional Beadlock w/Covers | \$100/ea |
| * Upgrade to ARS Eye Adjustable Shock | \$156/ea |
| * Upgrade to ARS Cockpit Adjustable Shock | \$261/ea |
| * Upgrade to ARS Mono-tube Eye Adjustable Shock | \$241/ea |
| * Upgrade to ARS Mono-tube Cockpit Adj. Shock | \$311/ea |
| * Switch & Starter Button Assembly | \$40.00 |

-Upgrades & Options for Roller-

- | | |
|---|----------|
| * Water Temperature Gauge | \$85.00 |
| * Oil Pressure Gauge | \$85.00 |
| * Gel Cell Battery | \$68.00 |
| * Clutch Cable | \$35.00 |
| * Throttle Cable | \$20.00 |
| * R6 99-05 Lowered Motorplate Kit w/Chain Tens. | \$360.00 |
| * Kawasaki ZX-6R 636 Motorplate Kit w/Tensioner | \$Call |
| * Suzuki GSXR Motorplate Kit w/Tensioner | \$Call |
| * AN Waterline Kit for Yamaha R6 | \$146.00 |
| * Fuel Plumbing System for Carbureted R6 | \$256.00 |
| * DID 130 Link Gold Chain | \$108.00 |
| * Upgrade to Carbon Fiber Body Kit | \$750.00 |
| * Upgrade to Titanium Brake Rotor w/Pads | \$405.00 |
| * Upgrade to Titanium King Pins | \$66.00 |
| * Upgrade to FK Aluminum Rod Ends | \$114.00 |
| * Upgrade to Titanium Bolt Kit | \$820.00 |
| * Upgrade to Titanium Wheel Center Bolt Kit | \$60.00 |
| * Upgrade to Titanium Beadlock Ring Bolt Kit | \$50.00 |
| * Make your car turn key (wire & plumb) | \$500.00 |
| * Custom Steel Floor Pan w/Adjustable Pedals | \$Call |
| * Custom Seat Risers | \$Call |
